Bazaar - One of Library Journal's 2020 "Titles to Watch" - One of the 30 Best Beach Reads According to Parade Magazine The Devil Wears Prada meets Postcards From the Edge in a hilariously heartfelt novel influenced in part by the author's time assisting Carrie Fisher. Charlie Besson is tense and sweating as he prepares for an insane job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine's worst dressed list. She needs an assistant. He needs a hero. Kathi is an icon, bestselling author, and an award winning actress, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: crazy. Admittedly so. Famously so. Fabulously so, as Charlie quickly discovers. Their three year odyssey is filled with late night shopping sprees, last minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows, Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane's A Star is Bored is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful.

Here, eagerly anticipated, is the definitive biography of Elijah Muhammad (né Elija Poole), a sharecropper's son with a fourth- grade education who became one of the most controversial Americans of the twentieth century, the founder and "Prophet" of the Nation of Islam, a movement dedicated to black separatism and self-

empowerment. Though Muhammad's main argument--that white people were innately evil ("devils," he called them)--ran counter to the precepts of orthodox Islam, he was the chief influence in the conversion of nearly four million African Americans to Islam, touching in the process the lives of figures ranging from Muhammad Ali and Jesse Jackson to Malcolm X and Louis Farrakhan. But in his desperate grasp for power, Muhammad also amassed a huge personal fortune at the expense of his followers. He was a party to ritualistic homicides, had illicit affairs galore, and was quick to betray his friends and charges, most notably Malcolm X. In brief, he violated every ideal and principle that he espoused. With the cooperation of some of Elijah Muhammad's children and former apostles and with access to previously unreleased FBI files, Karl Evanzz gives us an unprecedented account of the life of the man whose philosophy continues, long after his death, to shape race relations in America.

Published to critical acclaim twenty years ago, and now considered a classic, *The House of Morgan* is the most ambitious history ever written about American finance. It is a rich, panoramic story of four generations of Morgans and the powerful, secretive firms they spawned, ones that would transform the modern financial world. Tracing the trajectory of J. P. Morgan's empire from its obscure beginnings in Victorian London to the financial crisis of 1987, acclaimed author Ron Chernow paints a fascinating portrait of the family's private saga and the rarefied world of the American and British elite in which they moved—a world that included Charles Lindbergh, Henry Ford, Franklin Roosevelt, Nancy Astor, and Winston Churchill. A masterpiece of financial history—it was awarded the 1990 National Book Award for Nonfiction and selected by the Modern Library as one of the 100 Best Nonfiction Books of the Twentieth Century—*The House of Morgan* is a

"Explores city life, from up in a high-rise building to down in the subway. The Messenger

An exciting e-format containing 27 video clips taken directly from the CBS news archive of a brilliant, best-selling account of the Nixon era by one of America's most talented young historians. Between 1965 and 1972 America experienced a second civil war. Out of its ashes, the political world we know today was born. Nixonland begins in the blood and fire of the Watts riots-one week after President Johnson signed the Voting Rights Act, and nine months after his historic landslide

Read Free The Mixed Up Chameleon Rise And Shine

victory over Barry Goldwater seemed to have heralded a permanent liberal consensus. The next year scores of liberals were thrown out of Congress, America was more divided than ever-and a disgraced politician was on his way to a shocking comeback: Richard Nixon. Six years later, President Nixon, harvesting the bitterness and resentment borne of that blood and fire, was reelected in a landslide even bigger than Johnson's, and the outlines of today's politics of red-and-blue division became already distinct. Cataclysms tell the story of Nixonland: • Angry blacks burning down their neighborhoods, while suburbanites defend home and hearth with shotguns. • The civil war over Vietnam, the assassinations, the riot at the Democratic National Convention. • Richard Nixon acceding to the presidency pledging a new dawn of national unity--and governing more divisively than any before him. • The rise of twin cultures of left- and right-wing vigilantes, Americans literally bombing and cutting each other down in the streets over political differences. •And, finally, Watergate, the fruit of a president who rose by matching his own anxieties and dreads with those of an increasingly frightened electorate--but whose anxieties and dreads produced a criminal conspiracy in the Oval Office.

Silly Sally

No matter your size, shape, or pedigree--if you love each other, you are a family! Moms, dads, sisters, brothers — and even Great Aunt Sue — appear in dozens of

Read Free The Mixed Up Chameleon Rise And Shine

combinations, demonstrating all kinds of nontraditional families! Silly animals are cleverly depicted in framed portraits, and offer a warm celebration of family love. From School Library Journal PreS-Gr 1—Imagine a house with many rooms, whose walls each have a different color or wallpaper, accenting a family portrait hanging there. On a rustic wooden wall hangs the first portrait—a large family of ducks posing beside a still pond. The next spread shows three pandas in pink vests, much like the pink oriental wallpaper behind them. Each portrait features a gently rhyming line: "Some children live with their grandparents.../and some live with an aunt./Some children have many pets.../and some just have a plant." All of these appealing images demonstrate different ways of being a family. "Some children live with their father./ Some children have two mothers./Some children are adopted./Some have stepsisters and—brothers." The cartoon-style critters contrast pleasantly with more realistic elements—a bamboo plant, a slender ceramic dog, a fat ceramic cat. Families of hippos, tigers, lions, ostriches, and whales join the other family groups in the final spread. The loud-and-clear message is that "if you love each other, then you are a family." And imagine the many children who will be reassured because they have found a portrait of a family they will recognize as their own. A solid choice for most libraries.—Mary Jean Smith, formerly at Southside Elementary School, Lebanon, TN From the Hardcover edition.
